Activities – 2019/20

Support for the Christmas activities through village organisations continued, as did the distribution of food parcels to the elderly housebound. These traditional gifts continue to be much appreciated by recipients.

This year the Trust approved only one request for financial help. This was from the Tomorrow Project, seeking computer technology to assist with their counselling work in East Leake. Total income for the year was £2,713, expenditure £1,897, resulting in a surplus in the year of £816.

The value of the Trust’s historic investments dropped by over £7,700 during the year. This was principally because of the impact that Covid-19 had on the stock market at the end of the year. Total assets at the end of the year are approximately £54,950.
